Dam's Registration: AKC CKC No Papers Other _____

Dam's Registered Name: _____

Dam's Registration Number: _____

Sire's Registration: AKC CKC No Papers Other _____

Sire's Registered Name: _____

Sire's Registration Number: _____

Dam's Requirements

1. If this will be the Dam's first time, she must be no younger than 18 months old and no older than 4 years old.
2. The Dam must have had at least one heat cycle.
3. Proof of up to date vaccinations.
4. Negative Brucellosis and Herpes testing.
5. The Dam must be in good physical condition. She must be free of fleas and ticks and meet the Shih Tzu standard as follows:

- Weight: 9-16 pounds (NO EXCEPTIONS!)
- Height: 9-11 inches tall (from withers to toe)
- Length: 10-14 inches long (1 to 3 inches longer than she is tall)

Terms and Conditions

1. Owner of the Dam agrees to pay \$_____ due at the time a tie is made between the Dam and the Sire.

- Owner of the Dam agrees to let the Owner of the Stud have pick of the litter.

2. If the "Pick of the Litter" option is chosen, the Owner of the Dam agrees to let the Owner of the Stud take ownership of the puppy anytime between 6 and 9 weeks of age.
3. If the "Pick of the Litter" option is chosen, the Owner of the Dam agrees that the Owner of the Stud has the right to retain the puppy for their own breeding program or sell the puppy at their own price and keep the funds in the place of a stud fee.
4. One live birth constitutes a litter.
5. Owner of the Stud has no control over the litter's size as adults, future temperaments and habits, or appearance.
6. Owner of the Stud is not responsible for any of the following conditions that may occur within the litter as they are cosmetic and not life threatening and are also common among the Shih Tzu breed:
 - Umbilical Hernias
 - Pinched Nostrils
 - Open Fontanel
 - Cherry Eye
 - Misaligned Teeth
7. Should the Dam fail to produce a litter, a repeat breeding at the Dam's next heat will be repeated free of charge.
8. Should the Dam whelp a dead litter, a repeat breeding at the Dam's next heat will be repeated free of charge.
9. Should the Dam fail to produce a litter or whelp a dead litter after the return service, a repeat breeding will occur free of charge until the Dam produces a litter.
10. Should the Dam fail to produce a litter or whelp a dead litter after multiple breeding, this contract is void and the stud fee is nonrefundable as the problem lies within the Dam, not the Stud.
11. Owner of the Dam agrees to confine the Dam after the Owner of the Stud returns her to ensure she has no contact with any other male.
